Dear Sir or Madam,

Thank you for your \$708.69 donation to the Maryland Affiliate of Susan G. Komen for the Cure® from the proceeds of your JPC Car Show and Open House Events. Your gift enables us to achieve our promise to save lives and end breast cancer forever by empowering people, ensuring quality care for all and energizing science to find the cures.

As we move into the new decade, we are committed to continuing our exemplary legacy of funding innovative local grants with 75% of our revenue and contributing the other 25% to transformative national breast cancer research, often taking place at Maryland institutions.

For fiscal year 2011, Komen Maryland allocated over \$2 million to fund research and direct services in Maryland. Some of the free services provided by Komen Maryland's grantees to patients include mammograms, meals delivered to women undergoing treatment and counseling and mentoring for women and their families. In addition, the enormous impact Komen for the Cure has had on early diagnosis and targeted therapies, promises all women (and men) who will be diagnosed in the future with realistic and evidence-based hope for a long, healthy life after a breast cancer diagnosis.

Komen for the Cure has invested more than \$1.5 billion in breast cancer research and community programs and promises to invest another \$2 billion by 2017. The significant 30% decrease in breast cancer mortality since 1998 is largely attributable to the accomplishments of this organization over the last 30 years. Every advancement in breast cancer diagnosis, treatment and outcomes has been touched by Komen for the Cure contributions.

With enormous community support, we have become the largest source of nonprofit funds dedicated to understanding and treating breast cancer in the world. In this decade, we want to achieve our vision of a world without breast cancer. There is no time to rest on our laurels; please join us on Sunday, October 3, 2010 for our 18th annual Race for the Cure and let's keep up the good fight until we win. THANK YOU FOR YOUR SUPPORT.

Sincerely,

Lenore Koors
Development Director

In compliance with the IRS requirements regarding charitable contributions, we affirm that no goods or services have been provided by in consideration of your contribution. Please retain this letter as proof of your gift for federal income tax purposes.

**The greatest risk factors for
breast cancer are being female
and growing older.**
